

Queensland Mines Inspectorate SEG listing for underground coal mines

SEG	Task Description	Code
Longwall Production	Employees and contractors operating Shearer, maingate, chocks, Roof support, hanging/changing cables and hoses. Performing belt retraction, operating drifrunner and LHD.	QCU001
Development Production	Employees and contractors operating continuous miner, drifrunner, shuttle car, LHD, ram car. Roof and rib bolting. Hanging hoses, handling cables, hanging vent tubes, performing belt extensions, hanging brattice.	QCU002
Underground Maintenance	Employees and contractors performing mechanical maintenance services underground. Electrical maintenance underground. Mechanical repairs and vehicle servicing underground.	QCU003
Outbye Supplies	Delivering supplies to underground locations on LHDs.	QCU004
Longwall Moves	Employees and contractors operating dozers, LHDs, drift runners performing face retraction and installation. Any employees and contractors involved in the face retraction/ installation including fitters, electricians and mine technicians.	QCU005
Outbye construction/infr astructure	Operating grader, drift runner, LHD, Changing hoses, cables, tyres, lights, and pipe work. Hanging hoses, pipes and cables. Roof/rib bolting, shovelling, secondary support, concreting UG.	QCU006
VCD Installers	Contractors Spraying stopping's, jack hammer	QCU007
ERZ Controllers	Employees and contractors Inspections, statutory duties.	QCU008
Surface Maintenance	Employees and contractors Servicing/maintaining vehicles in surface workshop.	QCU009
Control Room Operator	Employees and contractors Control room operations,	QCU010
Belt Splicers	Employers and contractors performing belt maintenance, splicing and commissioning.	QCU011
Boilermakers (Surface)	Employees and contractors Steel fabricating, welding, oxy cutting, air gouging - surface workshop and CHPP workshop	QCU012
Administration	Administration officers, Stores, Management.	QCU013

Queensland Mines Inspectorate SEG listing for Open Cut Coal Mining

SEG	Task Description	Code
Pre strip & overburden removal	Employees and contractors working in Pre strip areas of the mine and operating equipment e.g. haul trucks, loaders, dozers, graders and excavators.	QCS001
Coal removal	Employers and contractors involved in the removal of product coal eg. Digger/shovel, dump trucks.	QCS002
Open cut Inspection Services	Employees and contractors performing inspection and monitoring tasks in the mining and excavation areas (eg. OCE and shift supervisors)	QCS003
Road Maintenance	Employees and contractors involved in road maintenance operations including grader and water truck.	QCS004
Boiler maker	Employees and contractors Steel fabricating, welding, oxy cutting, air gouging - surface workshop and CHPP workshop	QCS005
Field Maintenance	Employees and contractors undertaking electrical and mechanical maintenance and services in the mine, and CHPP areas.	QCS006
Blast Crew	Employees and contractors undertaking blasting and shot firing duties.	QCS007
Tech Services	Employees and contractors performing mine planning and design. This includes surveyors, geotechnical engineers.	QCS008
Exploration drillers	Employees and contractors undertaking exploration drilling operations.	QCS009
Overburden drilling	Employees and contractors undertaking overburden / blast hole drilling operations.	QCS010
Belt Splicers	Employers and contractors performing belt maintenance, splicing and commissioning.	QCS011
Warehousing	Employees and contractors undertaking warehousing activities including forklift operation.	QCS012
Administration	Administration officers, Stores, Management.	QCS013
Workshop	Employees and contractors undertaking electrical and mechanical maintenance and services in the workshop.	QCS014

Queensland Mines Inspectorate SEG listing for Coal Handing Preparation Plant (CHPP)

SEG	Task Description	Code
CHPP Production	Employees Control room operations, hosing, clearing blockages, shovelling, bobcat, general maintenance. Train load out.	QCP001
CHPP Maintenance	Employees and contractors Electrical and mechanical maintenance throughout the plant and in the workshop	QCP002
CHPP Laboratory	Employees and contractors taking samples and processing samples in CHPP laboratory.	QCP003
CHPP Dozer	Employees and contractors operating CHPP stockpile dozer.	QCP004
Belt Splicers	Employers and contractors performing belt maintenance, splicing and commissioning.	QCP005
